Does your organization have a national reach?

InfraGard is a national organization with 78 chapters and over 50,000 members nationwide. Sponsorships are available at the national level that would provide exposure to members in every chapter along with many other benefits. Depending on the sponsorship level, that may include InfraGard's Annual National Congress – an in-person event that draws members from across the country.

Plus, if you choose a national sponsorship option through our chapter, **Arizona InfraGard will match your sponsorship level at our Annual Member Meeting at no additional cost:** A National Silver Sponsor gets all the Silver Sponsor benefits at our Annual Member Meeting. A National Gold sponsor is an Arizona Gold Sponsor. National Diamond equals Arizona Diamond. Emerald or above at the national level gets Emerald sponsorship at the AMM – all at no additional cost.

If you think a national sponsorship might be right for your organization, **please contact Dara Gibson, President of Arizona InfraGard, president@azinfragard.org** for more details about national sponsorship pricing and benefits.
